## MELBOURNE SCOTTISH FIDDLE CLUB

The amazing story of the Melbourne Scottish Fiddle Club continues; from a small group of enthusiasts getting together in the mid nineties to the 40 plus fiddlers of today, and the release in December 2008 of their 4th. Independent recording Gates of Gold. Since their last appearance at the Brunswick festival in 2006 when they launched their 3rd. album a long way from home, they have mounted two self-funded and highly successful tours to New Zealand and Tasmania. They continue to recruit new players young and old to the fold, to learn and perform the great music of the Scottish fiddle tradition, and in addition to playing, several of the members of the club now compose their own tunes which have found there way into the repertoire of this wonderful community music organization.

Phone Bookings: 9388 1460

## COOL YOUNG PEOPLE

The first half of the program will consist of selections from several different combinations of the younger players, under the collective name of Cool Young People and the second part of the show will be the full club in all its glory including dance segments which are now part of the Club's standard repertoire.
