

## *St Aidan's Music Society Inc*

## MELBOURNE SCOTTISH FIDDLE CLUB

The famous fiddlers return to St Aidan's for the first time in three years, bigger and better than ever. Since we last saw them they have released their fourth CD - *Gates of Gold* - which has been widely acclaimed. It has received featured album status on Radio National's *The Planet* and been enjoyed by audiences at Hawthorn and Brunswick Town Halls since the launch in December 2008.

The group has been gaining new drive and energy from an array of exceptionally talented young players, including Jack Wilson - winner of the *Chris Wendt Award* for the best young player at the 2008 National Folk Festival. Pria Schwall Kearney who, after a year in Canada and the States, has returned an absolute whizz at old time and French Canadian fiddling. You will be delighted by the inclusion of a range of songs from young West Australian singer Lucy Wise who is new to Melbourne and the club. Another development is a 'cello section that adds a fine bass end to the group's exciting arrangements
